NOTICE OF PROPOSED RENEWAL OF TITLE V PERMIT

The South Coast Air Quality Management District (AQMD) is the air pollution control agency for the four county-region including all of Orange County and non-desert portions of Los Angeles, Riverside and San Bernardino Counties. Rule 3006 requires that the AQMD publish this notice prior to the renewal of a Title V permit previously issued to the facility listed below:

Chemoil Terminals Corp., Carson Terminal

2365 E. Sepulveda Blvd
Carson, CA 90810
Facility ID# 178770

Facility Contact Person:

Mr. Sampson Tang
EH&S and Compliance Engineer

This is an existing facility applying for a Title V permit renewal. This is a bulk terminal and fuel distribution facility. Products such as gasoline and diesel are stored in a series of storage tanks. The facility also operates gasoline and diesel racks which load petroleum products into tank trucks where the vapors are vented to a vapor recovery system.

Pursuant to Title V of the federal Clean Air Act and AQMD Rule 3004(f), a Title V permit shall expire five years from the date of issuance unless such a permit has been renewed. Accordingly, the above facility submitted a Title V permit renewal application and requested the AQMD to renew their Title V permit. The proposed permit incorporates updates to the facility information, as provided in the facility's Title V renewal application, as well as updates to all rules and regulations that are currently applicable to the facility.

As required by Title V of the federal Clean Air Act, the Title V permit includes all the emission limits, applicable requirements and operating conditions on the equipment, including the requirements of 40CFR Part 64, Compliance Assurance Monitoring (CAM). Title V facilities are required to certify compliance with the Title V permits in addition to recordkeeping and mandatory reporting of any deviation of the permit conditions.

The proposed permit is available for public review at AQMD, 21865 Copley Dr., Diamond Bar, CA 91765 and at the Bret Harte Neighborhood Library, 1595 W. Willow St., Long Beach, CA 90810. The proposed permit can also be viewed at <http://www3.aqmd.gov/webappl/publicnotices2/search.aspx> by entering the facility's ID number. Information regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available at <http://www3.aqmd.gov/webappl/fim/prog/search.aspx>

Anyone wishing to comment on the issuance of the proposed renewal permit should submit their comments in writing by March 22nd, 2016. Written comments should be submitted to:

If you are concerned primarily about zoning decisions and the process by which this facility has been sited at this location, you should contact your local city or county planning department. For additional information, please contact Mr. Ed O'Neal at (909) 396-2565 or by e-mail at edoneal@aqmd.gov.

The public may request AQMD to conduct a public hearing on the proposed permit by submitting a Hearing Request Form (Form 500-G) to Andrew Y. Lee at the above AQMD address. The public hearing request must contain all the information requested on the form in order for the AQMD to determine whether or not the request is valid and if a public hearing will be held. The public hearing request forms may be obtained from the AQMD by calling the Title V hotline at (909) 396-3013, or downloading from the internet at <http://www.aqmd.gov/docs/default-source/grants/500-g-form.pdf?sfvrsn=>. **Any request for a public hearing must be submitted to the AQMD no later than March 4th, 2016. At the same time, a copy of the hearing request must also be sent by first class mail to the facility contact person listed above at the same time.**

Right to Petition U.S. Environmental Protection Agency (EPA) for Reconsideration: Title V Permits are also subject to review and approval by US EPA. If a public comment is sent to the SCAQMD for this permit, and the SCAQMD has not addressed the comment in a satisfactory manner, and the EPA has not objected to the proposed permit, then the public may submit a petition requesting that the EPA reconsider the decision not to object. Petitions shall be submitted to US EPA, Region 9, Operating Permits Section at 75 Hawthorn Street, San Francisco, CA 94105, with 60 days after the end of the 45 day EPA review period. The EPA review period for this permit starts no earlier than February 12, 2016. EPA's review status may be found at <http://www.epa.gov/caa-permitting/electronic-permit-submittal-system-region-9>
